

QUARTZ80 IN GALVANIZED STEEL GRAPHITE GREY COATED

NEW 2017

The shower QUARTZ80 is manufactured in galvanized steel (hot-galvanized) and coated in a dark slate grey finish. This double industrial treatment gives the unit exceptional longevity, unique shock resistance and remarkable protection from corrosion. All specific colors in the RAL color chart are available upon request. The minimalist lines characterize this shower of 2m07 high means it will fit nicely anywhere, without taking up a lot of space. The showerhead diam. 68 mm is directional and its flow is very comfortable and wrapping. Water connection can be done at the back base with a garden hose or underneath with plumbing fittings.
